Eco Tips 101 :

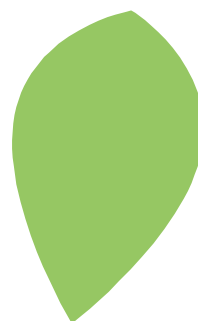

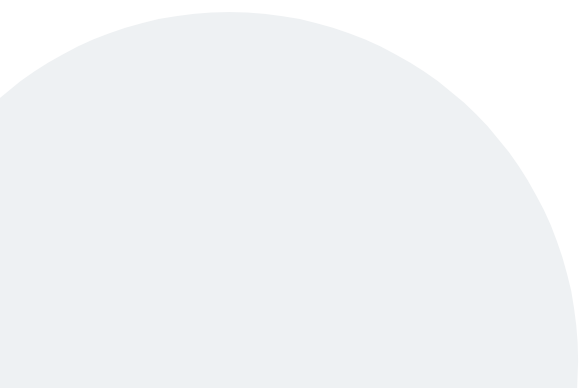

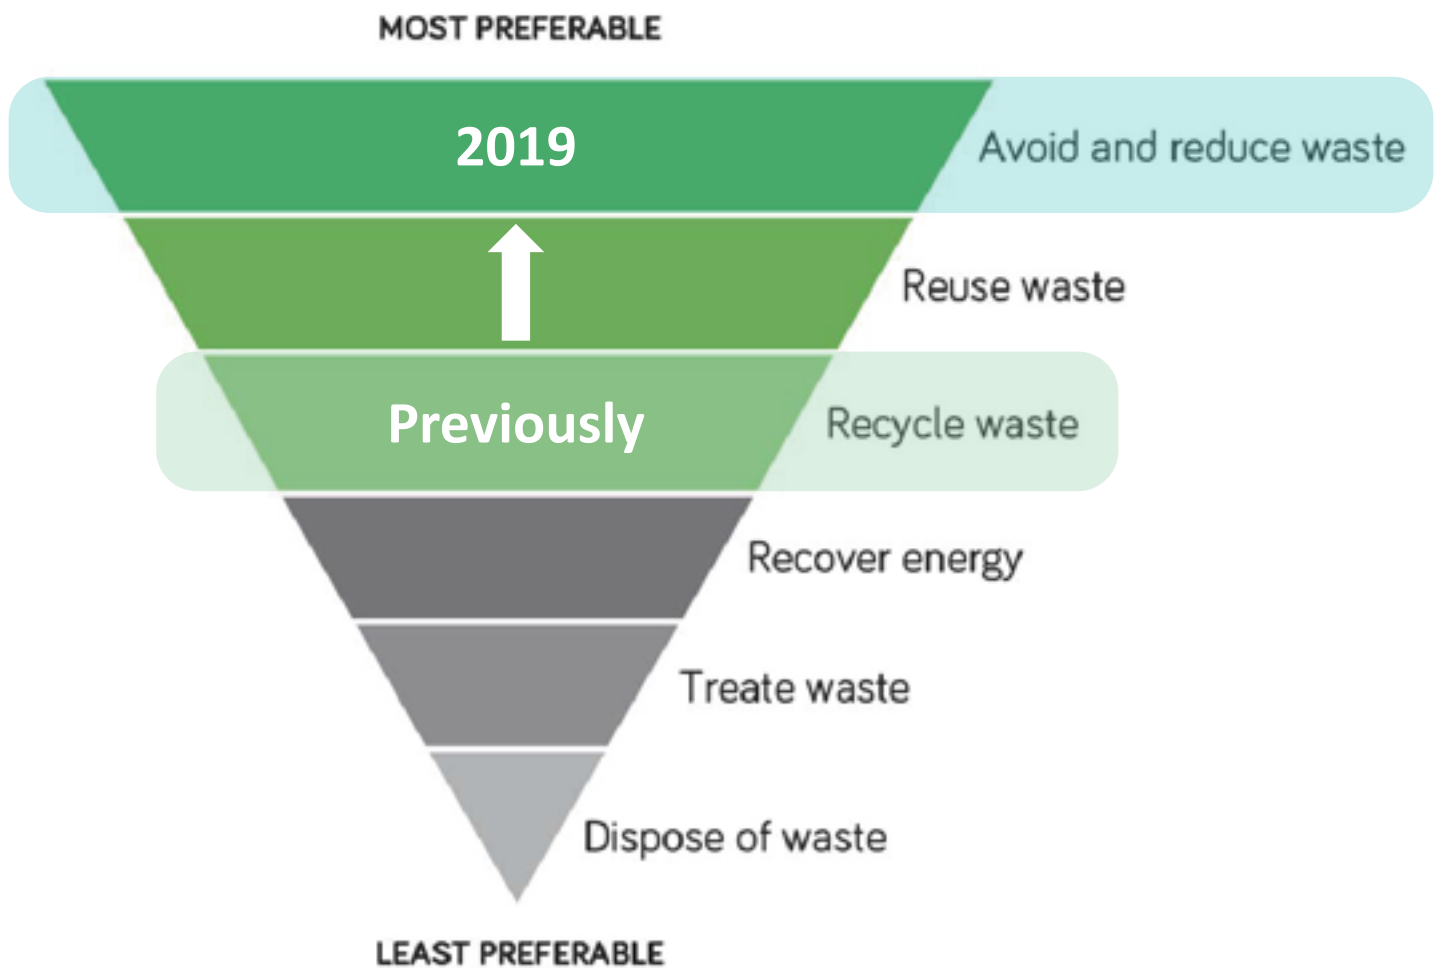

Waste Management Hierarchy

Avoid & Reduce Waste:

Avoid creating the waste in the first place, reduce where possible

Recyclable Waste:

Can be remanufactured into something new after its initial use

Eco Tips 101 :

Aust Packaging Covenant

Federal Government Ministers agreed to the ambitious target that :

- **100 percent** of Australian packaging be **recyclable, compostable or reusable** by **2025** or earlier to cut down on the amount of waste we produce.
- The 100 percent target will be delivered by the **Australian Packaging Covenant Organisation**, working with its 950 member companies and other stakeholders.

Australian Packaging Covenant

Eco Tips 101 :

Definitions

Recyclable

Can be remanufactured into something new after its initial use

Process & Time Needed

Waste needs to be broken down, cleaned of impurities, and reproduced

Degradable

Degradable

Where traditional plastics are treated with additives to make them disintegrate over time. Leaves micro plastics

No clear standard exists, time can be from 10's of years to 100's of years to break down

Bio degradable

Plastics with micro organisms added to allow to disintegration by bacteria, fungi, or some other biological process

Under AS 4736 - 2006 for biodegradability, must achieve 90% biodegradation of plastic materials within 180 days

Compostable

Made from natural, non toxic products, compostable means it breaks down to carbon dioxide, water, inorganic compounds, and biomass at a rate similar to paper

Eco Tips 101 :

Material Compounds

TABLEWARE

**DID
YOU KNOW THAT
EVERY YEAR,
6 MILLION TONS OF
NON DURABLE PLASTICS,
LIKE SPOONS, FORKS,
AND KNIVES,
ARE DISCARDED?**

How many times have you eaten out at a restaurant and been handed a plastic-wrapped packet of plastic utensils? (Say that five times fast!) Or you brought your lunch to work (high five!) but left your handy dandy metal utensils at home, so you're forced to use the plastic forks and knives from your office's drawers?

Plastic forks, knives and spoons may be convenient, but they're wreaking havoc on our oceans. In fact, six million tons of non-durable plastics are discarded every year. "Non-durable" means that the plastic has a useful life of less than three years. Other examples of non-durable plastics include plastic packaging, trash bags, cups, and more.

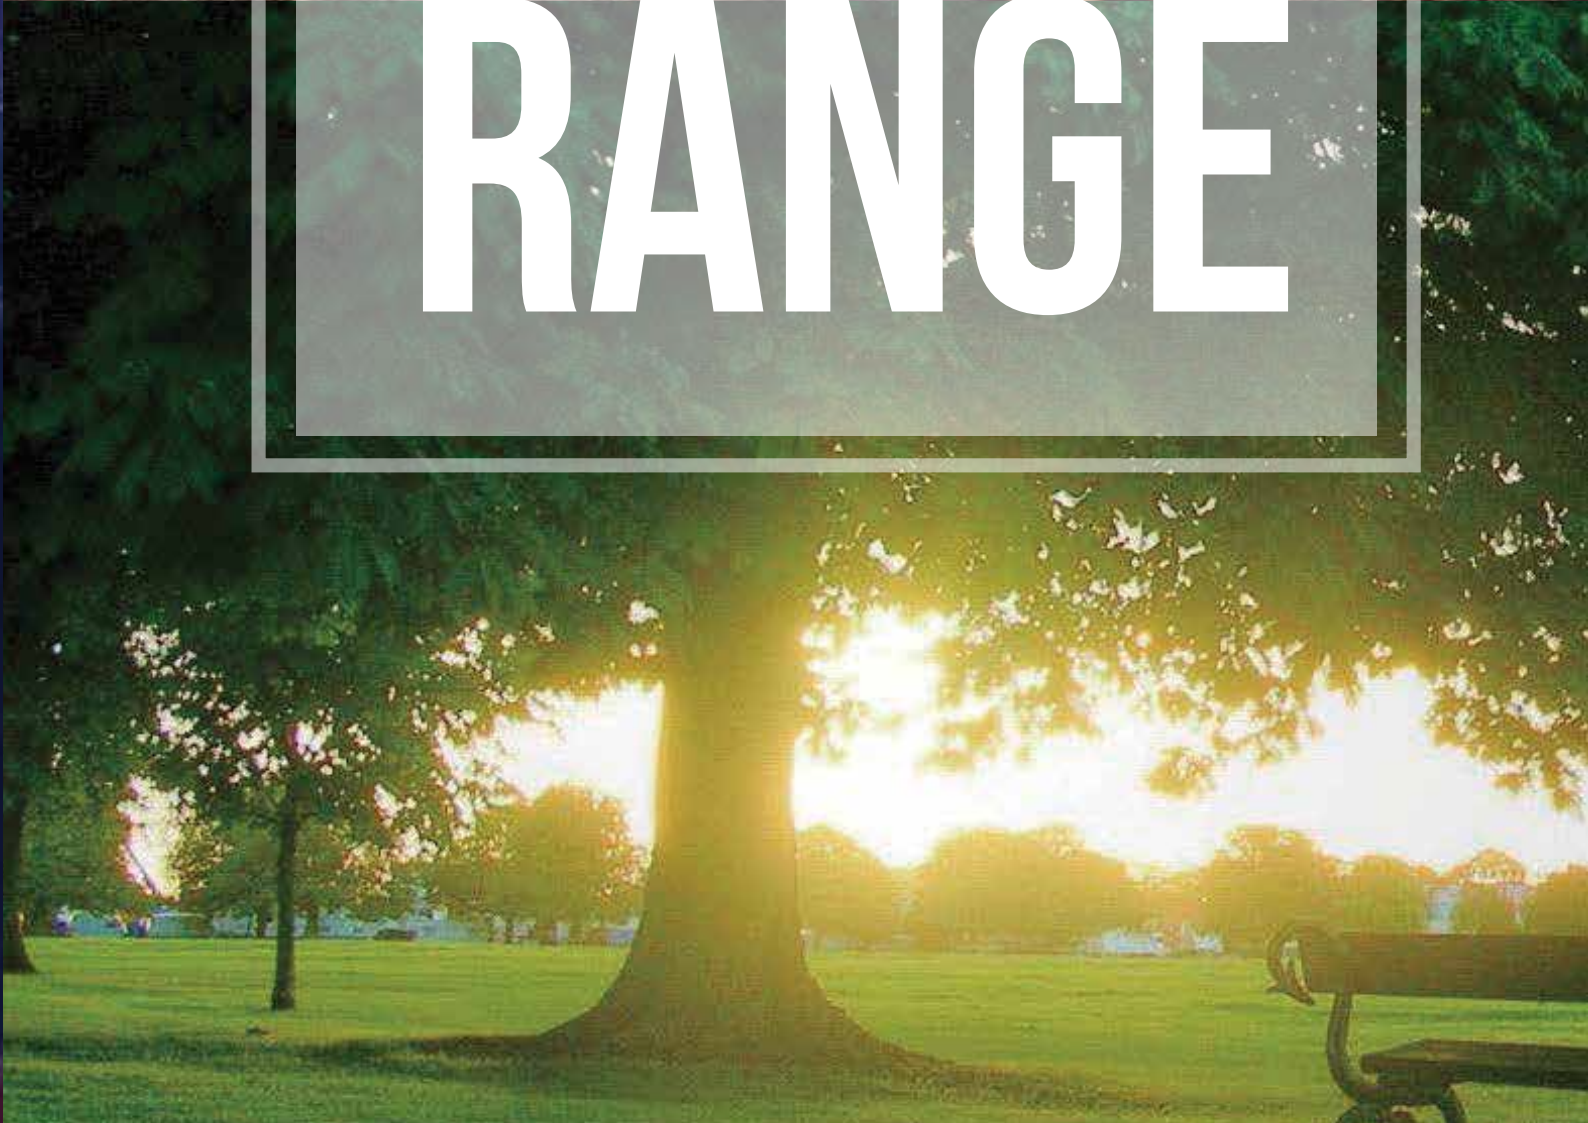

**DO YOUR PART
AND SAVE THE
ENVIRONMENT !**

Create YOUR UNIQUE paperbag

Step 1: CHOOSE THE STYLE

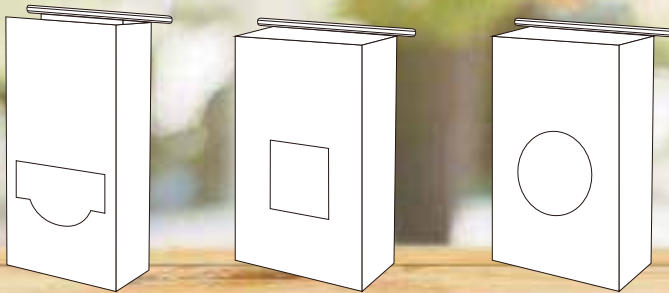

PAPER BAG

Without Handles

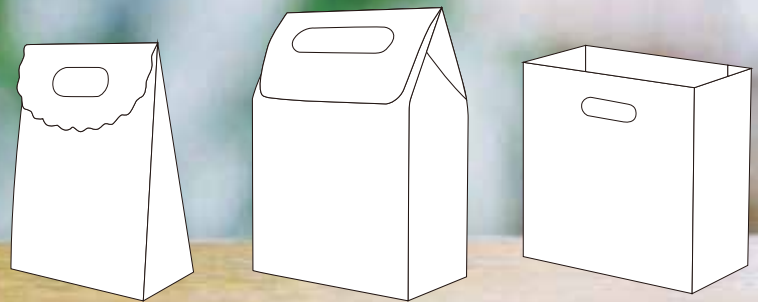

PAPER BAG

With Window

PAPER BAG

With Die-cut Handle

Various Sizes To Choose From

Step 2: CHOOSE THE HANDLE

Step 3: CHOOSE THE PAPER STYLE

Step 4: CHOOSE THE PRINT METHOD

DUE TO THE ORIGINAL COLOUR OF THE MATERIALS, **THERE WILL BE A DIFFERENCE** BETWEEN THE SAME PRINTING COLOURS ON DIFFERENT BACKGROUNDS

Tips: For better printing effects, light and bright colours may more suitable for white kraft bags, and deep dark colours will be perfect for brown kraft bags.

Step 5: OPTIONAL ADD ON SERVICES

You can choose to add sticker/stamps on your package instead of printing on it.

ADD ON
STICKERS

*STICKERS CAN BE
CUSTOMIZED
ACCORDING TO YOUR
BRANDING &
MATERIAL TYPE

POA

ADD ON
STAMPS

*AVAILABLE IN 9 COLOURS
(PURPLE, RED, BLACK,
GREEN, BLUE, YELLOW,
BROWN, ORANGE, ROSE
PINK)

POA

A close-up photograph of a red wicker basket filled with various pastries and sweets. In the foreground, a large, golden-brown croissant is prominently displayed. Behind it, several macarons in shades of pink, yellow, and brown are visible. A red and white checkered cloth is draped over the basket. In the bottom foreground, several pieces of chocolate are scattered. The background is a soft, out-of-focus landscape.

FOOD PACKAGING

Billions of disposable food containers and utensils are used and thrown away every year. And as we know, disposing of them doesn't mean they disappear. A lot of disposables are landfilled, blown or washed into waterways or end up as yet more plastic pollution in our rivers and oceans.

**LET'S MAKE SOME EFFORT TO PROTECT
OUR ENVIRONMENT!**

A collage of various food wraps and coffee beans. The background features a light-colored, textured surface. In the top left, there are several dark brown coffee beans. To their right is a white paper wrap with a green and orange zigzag pattern. Below the beans is a stack of light brown paper wraps. In the bottom left, there is a wrap with a colorful floral pattern in red, orange, and teal. In the bottom right, there is a wrap with a green and orange zigzag pattern and the word "escale" in blue. The text "FOOD WRAPS" is centered in white, bold, sans-serif font over a semi-transparent orange rectangle.

STATIONERY

Made From
Recycled Materials

Bio Degradable
Product

Produced From
Sustainable Source Materials

Every year **MILLIONS OF TONS** of plastic office waste go into landfill. This creates a great strain on landfill, and pollutes the environment.

Eco friendly alternatives, such as recycled cardboard, and bamboo office stationery, offer a great alternative, being both more sustainable, and bio degradable.

A high-angle, close-up photograph of a person's hands and arms as they work on architectural drawings. The person is wearing a red shirt and a blue and white checkered shirt. They are holding a black pen over a drawing of a building's floor plan. On the desk, there is a wooden pencil holder with several colored pencils (green, blue, red, white, and brown) inside. A glass of water, a yellow pencil, a pair of compasses, and a crumpled piece of paper are also visible. The word "PENS" is overlaid in large, bold, green capital letters in the center of the image.

Wooden Colorful Pencil Set

Product Colour: Nature

Product Size: 23x4.1x2.4cm

Material: Wood

The background image shows a wooden boat on a rocky shore. The boat is made of dark wood and is partially visible on the right side. The shore is composed of dark, jagged rocks. A thick, dark brown rope is draped across the scene, passing over the boat and the rocks. The overall scene is outdoors, with a blurred green background suggesting a forest or park setting. Overlaid on this scene is a semi-transparent white rectangular box with a thin grey border. Inside this box, the letters 'USB' are written in a bold, green, sans-serif font.

A collection of wine corks and a wine bottle neck on a white background. The corks are scattered, with some showing handwritten or stamped text. One cork in the foreground is clearly marked with "Diablo" and "CHILE". The bottle neck on the left is dark and contains a green liquid. The overall scene is brightly lit, creating soft shadows.
